P-16 Council

As a requirement of the P-16 Grant we received from the Knowledge Works Foundation, we hosted a community meeting last Monday. We had invited a limited number of individuals representing the business community and had about 40 in attendance. Enclosed is a one page handout that was distributed at the meeting. After some opening remarks and a Power Point presentation, seven of the original members of the Council served as a panel to respond to questions from the audience. The discussion was lively, and I believe we now have several more individuals involved. On a longer-term basis, I hope that we would have a similar council in each of our counties.

Another Chemistry Highlight

Enclosed is a newspaper story regarding a recent program that SSCC and Ohio State
