Planning

Strategic Planning

Designing the Planning Process Preliminary planning about upcoming planning strategies is underway. With the assistance of a Groves Consultant from the Cincinnati area, we plan to launch activities this fall. Using a proven effective style of constituent engagement, the consultant will work with our college over the course of several days and will facilitate large and small group discussions, a SPOT analysis, and action planning with a small subs5 .8g7 596.

the } o o P [• ~~As possible~~ Encourage potential students to make decisions about college earlier in the summer.

This Week at SSCC

on every campus, with permanent locations at Central, Fayette, and North (there is a space issue at South that we are trying to resolve).

Career Services

Career Services has been gradually designing its website. Input will be solicited from students, faculty, and employers as this process continues. A series of seminars has been provided to the community on career development and the impact of job loss (i.e. Rotary WCH, Library Week at South Campus, and Job Fair). Programs are being developed to educate and prompt students to think about career development and theory, aimed at a more deliberate and mindful approach to career choice and development (both in school and in their professional lives).

Admissions

PSEO testing has begun in earnest. On April 30, Lisa Williams and Wendy Johnson tested approximately 85 students at South Campus. Dennis Bothel and Wendy Johnson attended a webinar provided by OBR on the CT² project (Career Tech Credit Transfer). The state committee for this project is developing a pilot. This is in the early stages. More information will be provided as it becomes available.

Athletics

Review of resumes for athletic director/academic advisor position is ongoing. SSCC will host the Ohio Collegiate Athletic Conference softball tournament May 14 through May 16. The SSCC softball team has

service and equipment are free. VRS is a service that will allow deaf and hearing impaired callers to make video relay calls through a qualified interpreter. This will be the first time SSCC has provided this type of service to its students and the community.

Academic Affairs

Faculty Recognition

Dr. Carry DeAtley, associate professor of medical assisting; Jeff Foster, associate professor of biology; Dr. Robert Headley, professor of English; and Jeff Mpr, president; Mpr free.

As part of the initial phase of the accreditation Coby Long, education faculty member, will be attending a workshop in Phoenix, Arizona. This workshop will provide insight on how Southern State can begin the accreditation process. The workshop will

- outline the four steps of the NAEPY accreditation process
- clarify the purpose of self-study as a path to quality improvement
- share practical advice on planning and structuring the self-study
- identify resources available to support a reflective period of self-study

Corporate and Community Service - 4 f • i • 4 ' ' " -

Truck Driving Academy Enrollment was up in April, with 44 students for the month. This was the highest monthly total the TDA has had since September 2009. The TDA heard reports that some
