

Elizabeth Burkard, SSCC Director of Marketing, has been working closely with John Joy and the

The Records Office is working closely with the Financial Aid Office to implement the new enrollment reporting requirements for NSLDS that are effective October 2014. The new requirements include detail program reporting for each student so the Department of Education can more easily determine when a student reaches their 150% limit for direct subsidized loans.

All TAA contracts have been modified to reflect the tuition increase effective Fall Semester.

There are currently 60 veterans enrolled that will be receiving educational benefits for Fall Semester.

Fall semester new student orientations began the week of August 11.

Tutor Success Workshops:

Computer Fundamental and Online Success workshops will be conducted on all four campuses from August 11 to 14. As of August 6, thirty-seven students were waitlisted for the Online Success workshops. Students were notified and added.

Beginning July 6, Joe Gruber, math tutor, and Erin Smith, writing tutor, prepared and conducted individual or group Accuplacer test prep sessions for math and English to provide review of materials in an effort to improve placement of students into math and English. Data is being collected to determine the effectiveness of this initiative. Eighteen students were served. Results will be collected to assess the effectiveness of the workshops.

understanding of program requirements and have become invaluable and time efficient advising tools.

Coaches participated in an SGA retreat on August 8 to inform members about AmeriCorps obligations and the roles that coaches will assume in aiding retention efforts at Southern State.
